

Ordering Information

Part Number	Cable Type	Braid Coverage
RMS-6TR	Series 6	60% - Tri
RMS-59TR	Series 59	60% - Tri

Features and Benefits:

- One-piece compression design, eliminates lost or mismatched components
- Provide 360 degrees contact to the cable, providing perfect RF shielding integrity, complete seal to the cable jacket to lock out moisture
- Meets SCTE IPS TP 013 moisture migration test
- A free spinning seal nut design permit 11mm hexagon (7/16 inch nut) to spin freely for easy installation)
- Up to 3Ghz with excellent overall performance
- O-rings are ultraviolet and ozon-resistant EPDM for moisture-proof and maximum durability
- Wide hexagon nut for ease of tightening
- Pull strength much better than cable specification
- One connector for both indoor and outdoor applications
- One step cable preparation
- Uses commonly available compression tools
- RoHS Compliant

Bandwidth:

DC - 3Ghz

Return Loss:

Better than 30dB @ 1Ghz

Temperature Range

-40°C to +80°C

Impedance

75Ohms

Port Interface

Meet SCTE IPS SP 401 recommended "F" port interface specification
