

## Ordering Information

**Part Number**  
RMS-H6W

**Cable Type**  
Series 6

**Braid Coverage**  
60% - Quad

## Features and Benefits:

- One-piece crimp design, eliminates lost or mismatched components
- Fit most RG-59 and RG-6 series drop coaxial cable from 60% braid coverage through quad shield
- Up to 3Ghz with very good overall performance
- Free spining nut, 11mm hexagon (7/16 inch compatible)
- Wide hexagon nut for ease of tightening
- Pull strength much better than cable specification
- One connector for both indoor and outdoor applications
- One step cable preparation
- Uses commonly available compression tools

### Bandwith:

DC - 3Ghz

### Return Loss:

Better than 30dB @ 1Ghz

### Temperature Range

-40°C to +80°C

### Impedance

75Ohms

### Port Interface

Meet SCTE IPS SP 401 recommended "F" port interface specification
